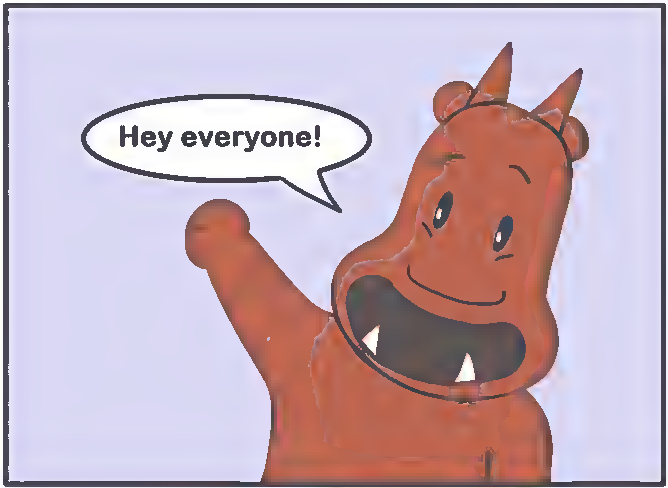
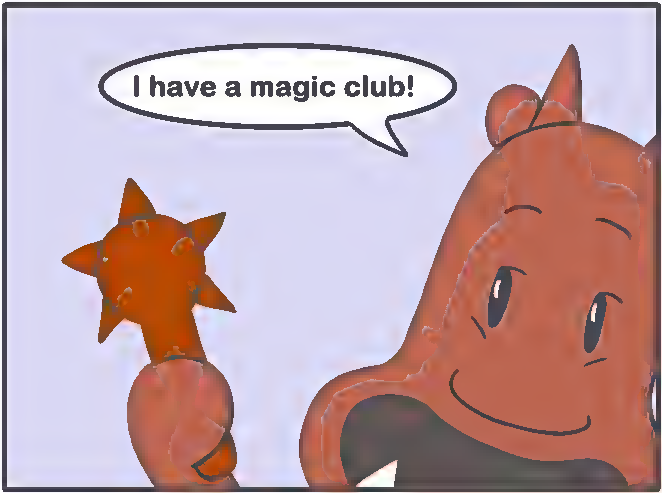
NICHOLALALA



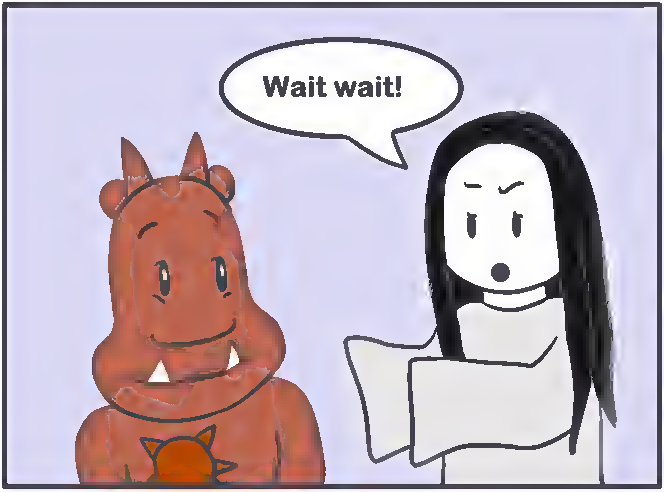
Hey everyone!

Some people have been asking where I get laptops and stuff from.

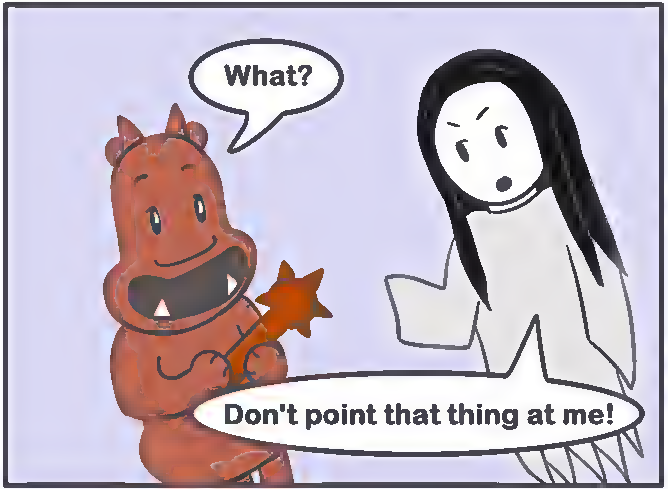


I have a magic club!

I can make anything appear!



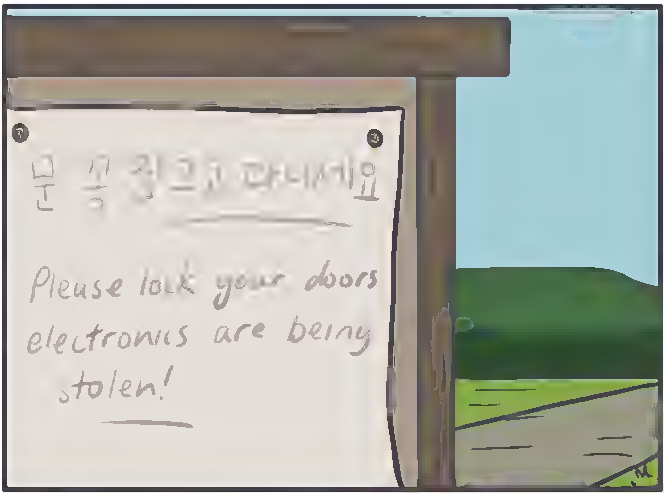
Wait wait!



What?
Don't point that thing at me!

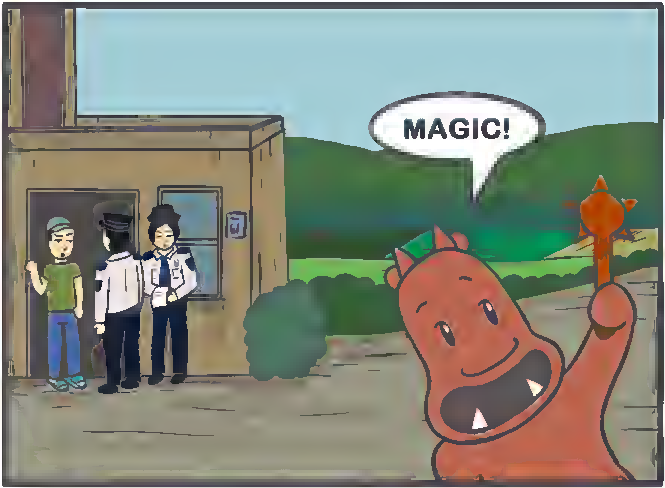
You can summon anything...
By magic!

It still has to exist somewhere.
That's technically stealing...



문 좀 잠그고 다니세요!
Please lock your doors electronics are being stolen!

What? Where is my laptop?!...



MAGIC!
